# Appendix J

# ICAO RUNWAY SAFETY TOOLKIT

1.	The ICAO runway safety toolkit on CD-ROM was produced by the International Civil Aviation Organization (ICAO) and Embry Riddle Aeronautical University, Florida, United States, as part of a continuing effort to assist States in the implementation of runway incursion prevention programmes. This interactive toolkit is a compilation of the best educational material available, obtained over a period of several years, and draws on information and knowledge obtained during a series of ICAO seminars on the subject of runway safety held between October 2002 and October 2004. The toolkit is meant to be used with other runway safety tools such as the *Manual on the Prevention of Runway Incursions* (Doc 9870) and to support other runway incursion prevention programme initiatives.

2.	The CD-ROM contains:

a)	an opening statement by the President of the ICAO Council;

b)	introduction to all users;

c)	modules for air traffic control, flight operations, aerodrome and management responsibilities; and

d)	supplemental material including a glossary of terms related to runway safety, an appendix containing ICAO provisions on runway safety, references and links to runway safety websites, posters, videos, and presentations given during the ICAO runway safety awareness and education campaign.

3.	The CD-ROM can be obtained from the ICAO website at:

www.icao.int/fsix/res_ans.cfm.
