

Wing Commander
Jamie Simmonds MBA BA(Ed)

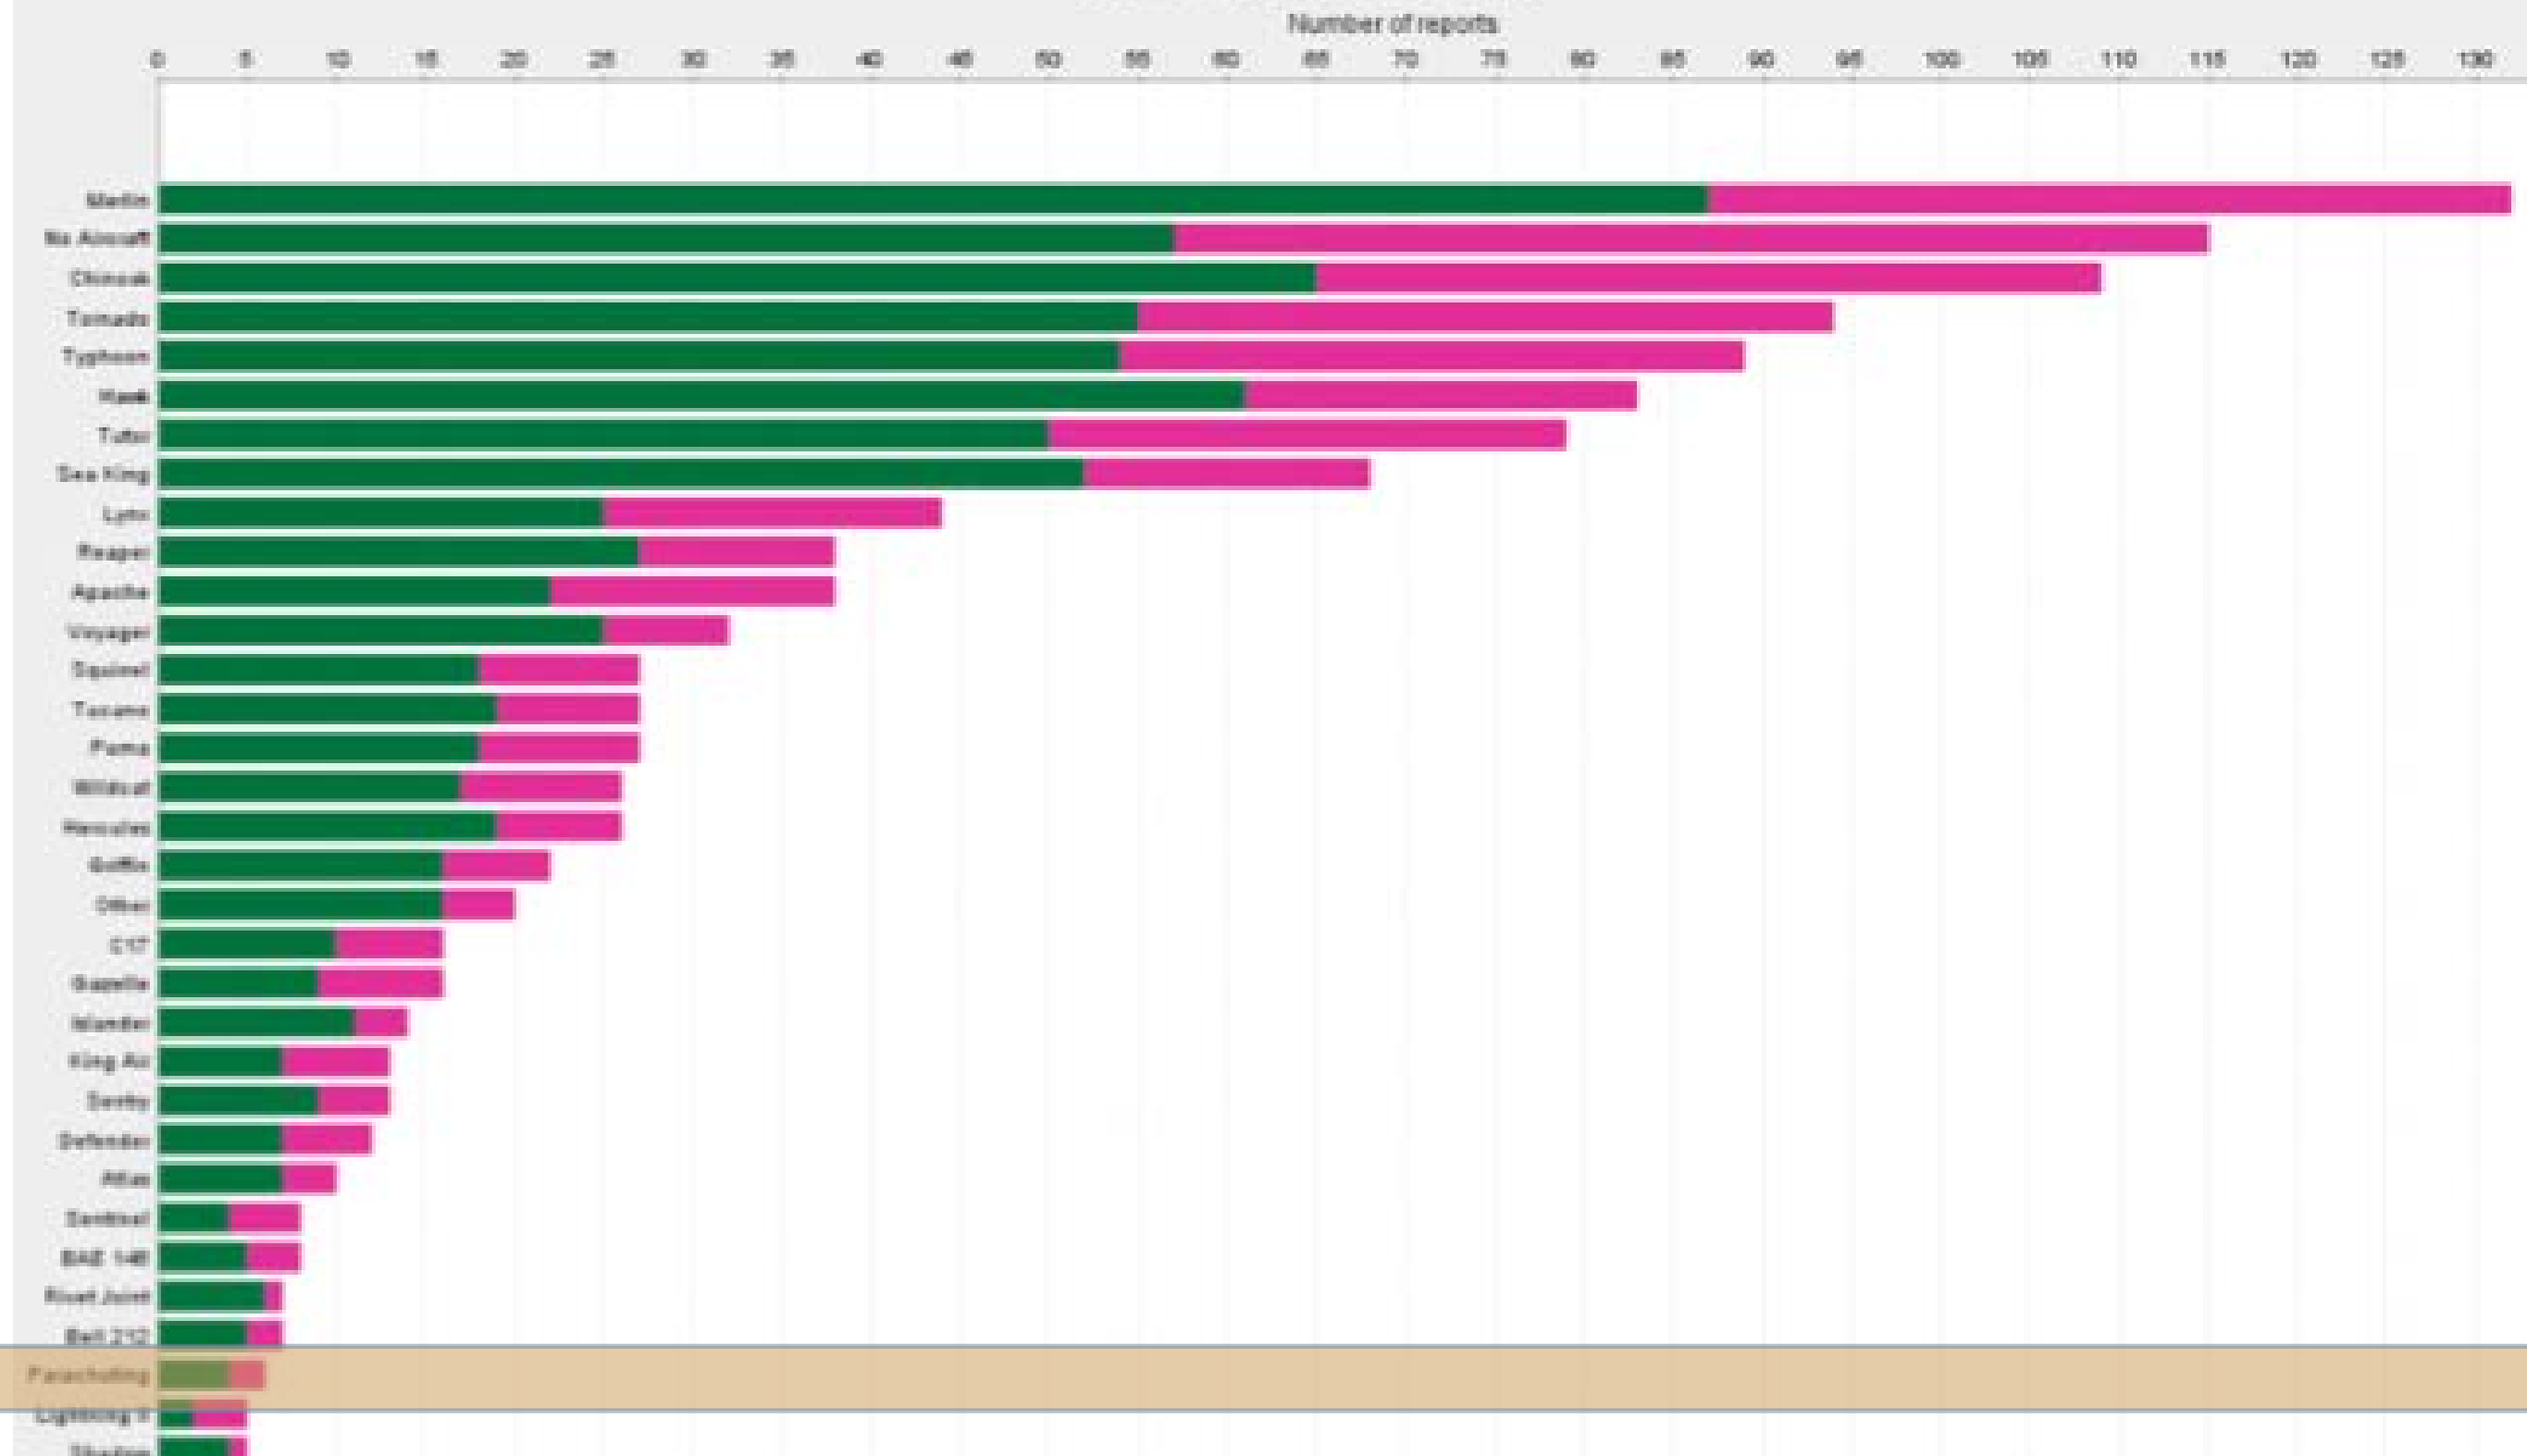

DASORs per 500 descents

Aircraft Type by Frequency From 01/01/2015 to 15/02/2015

Produced on Thu 15 Feb 2018 @ 19:01

Iceberg of Ignorance

4% Problems known to top managers

9% Problems known to middle managers

74% Problems known to supervisors

100% Problems known to frontline workers

The challenges...

Task focused staff

Leadership unaware of 'front line' issues

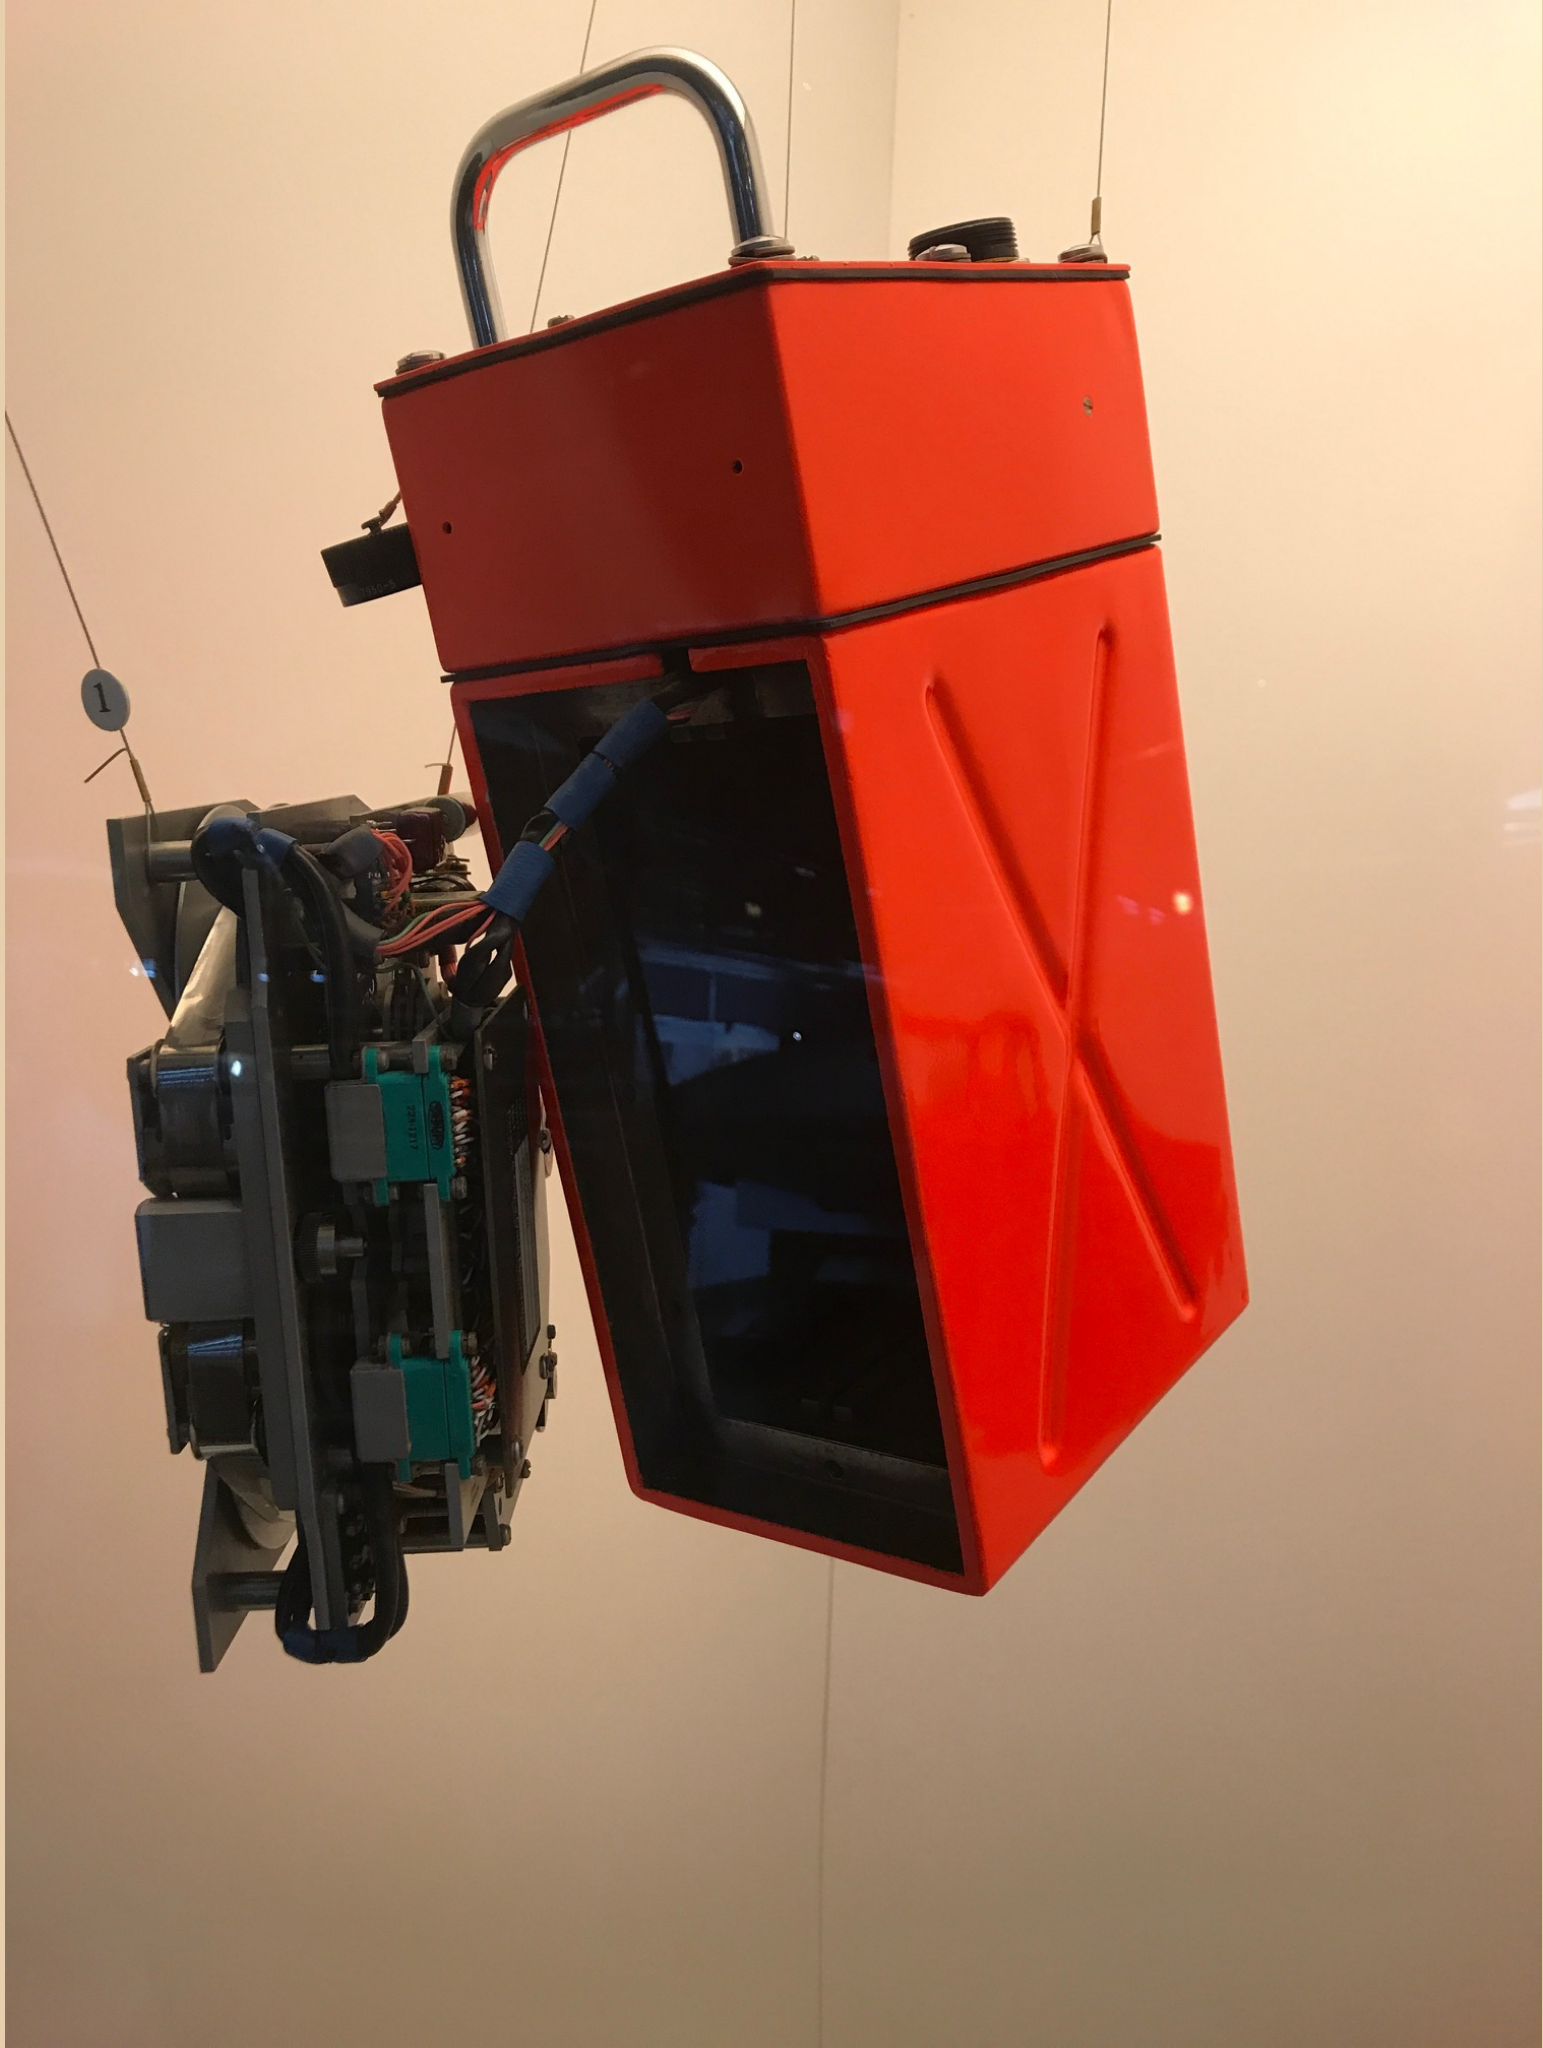

Failure to learn lessons/inform leadership
due to limited reporting

Mismatch between 'real world' and 'rule
world'

Barriers to Learning and Change

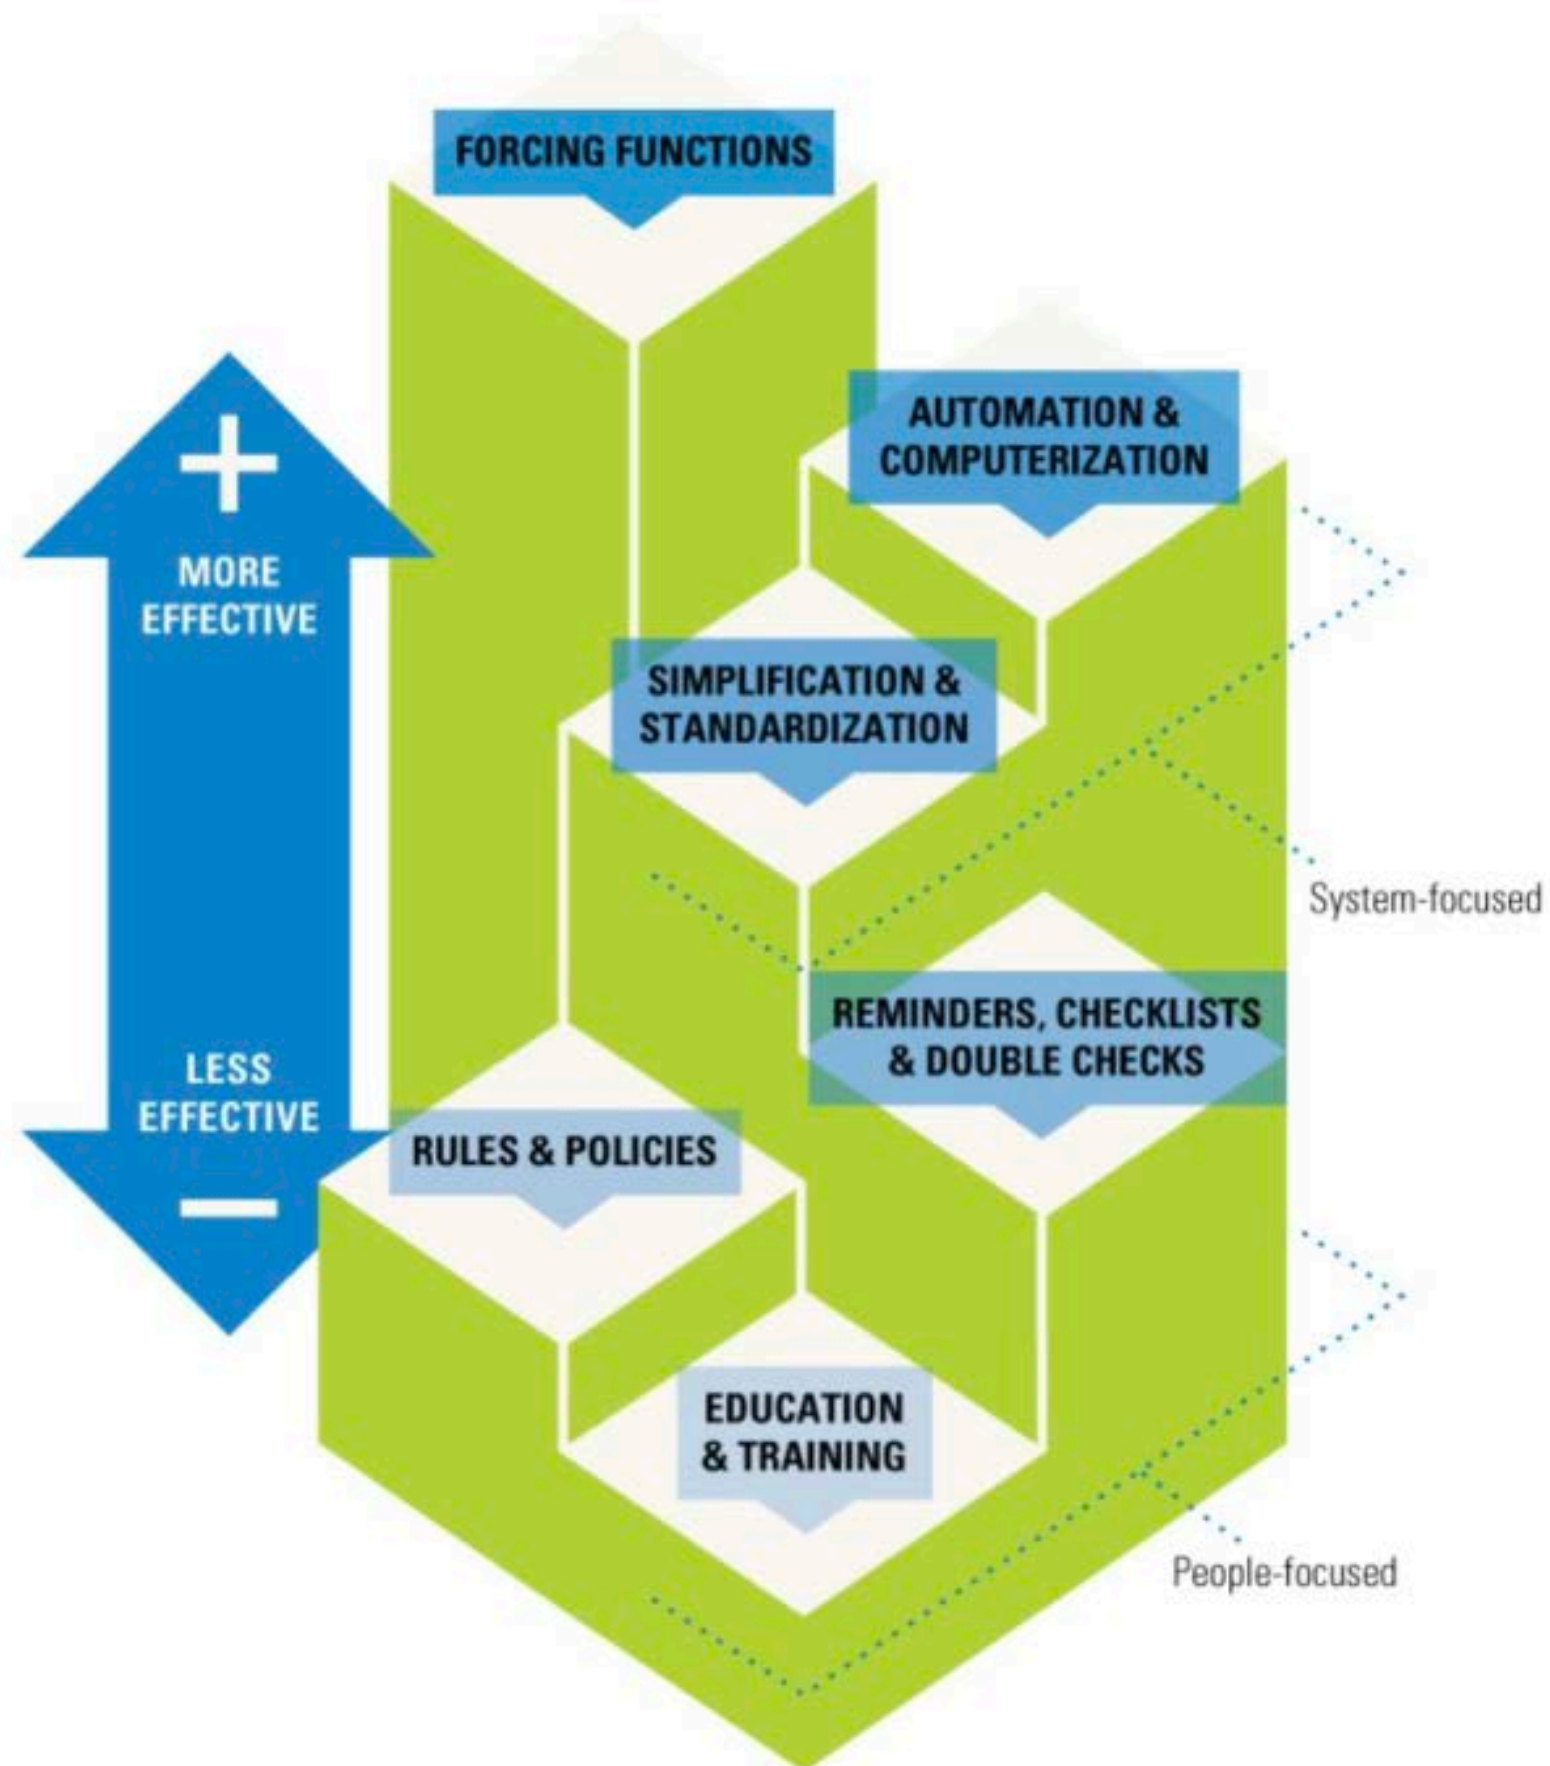

- Reputational Disadvantage v Learning Advantage
- Staff with poor reporting behaviours ingrained

We were editing out failure, in doing so we
reframed our mistakes and
were destroying one of the most precious
learning opportunities that exists

- Know operating limitations
- Keep within the rules
- Dynamic response

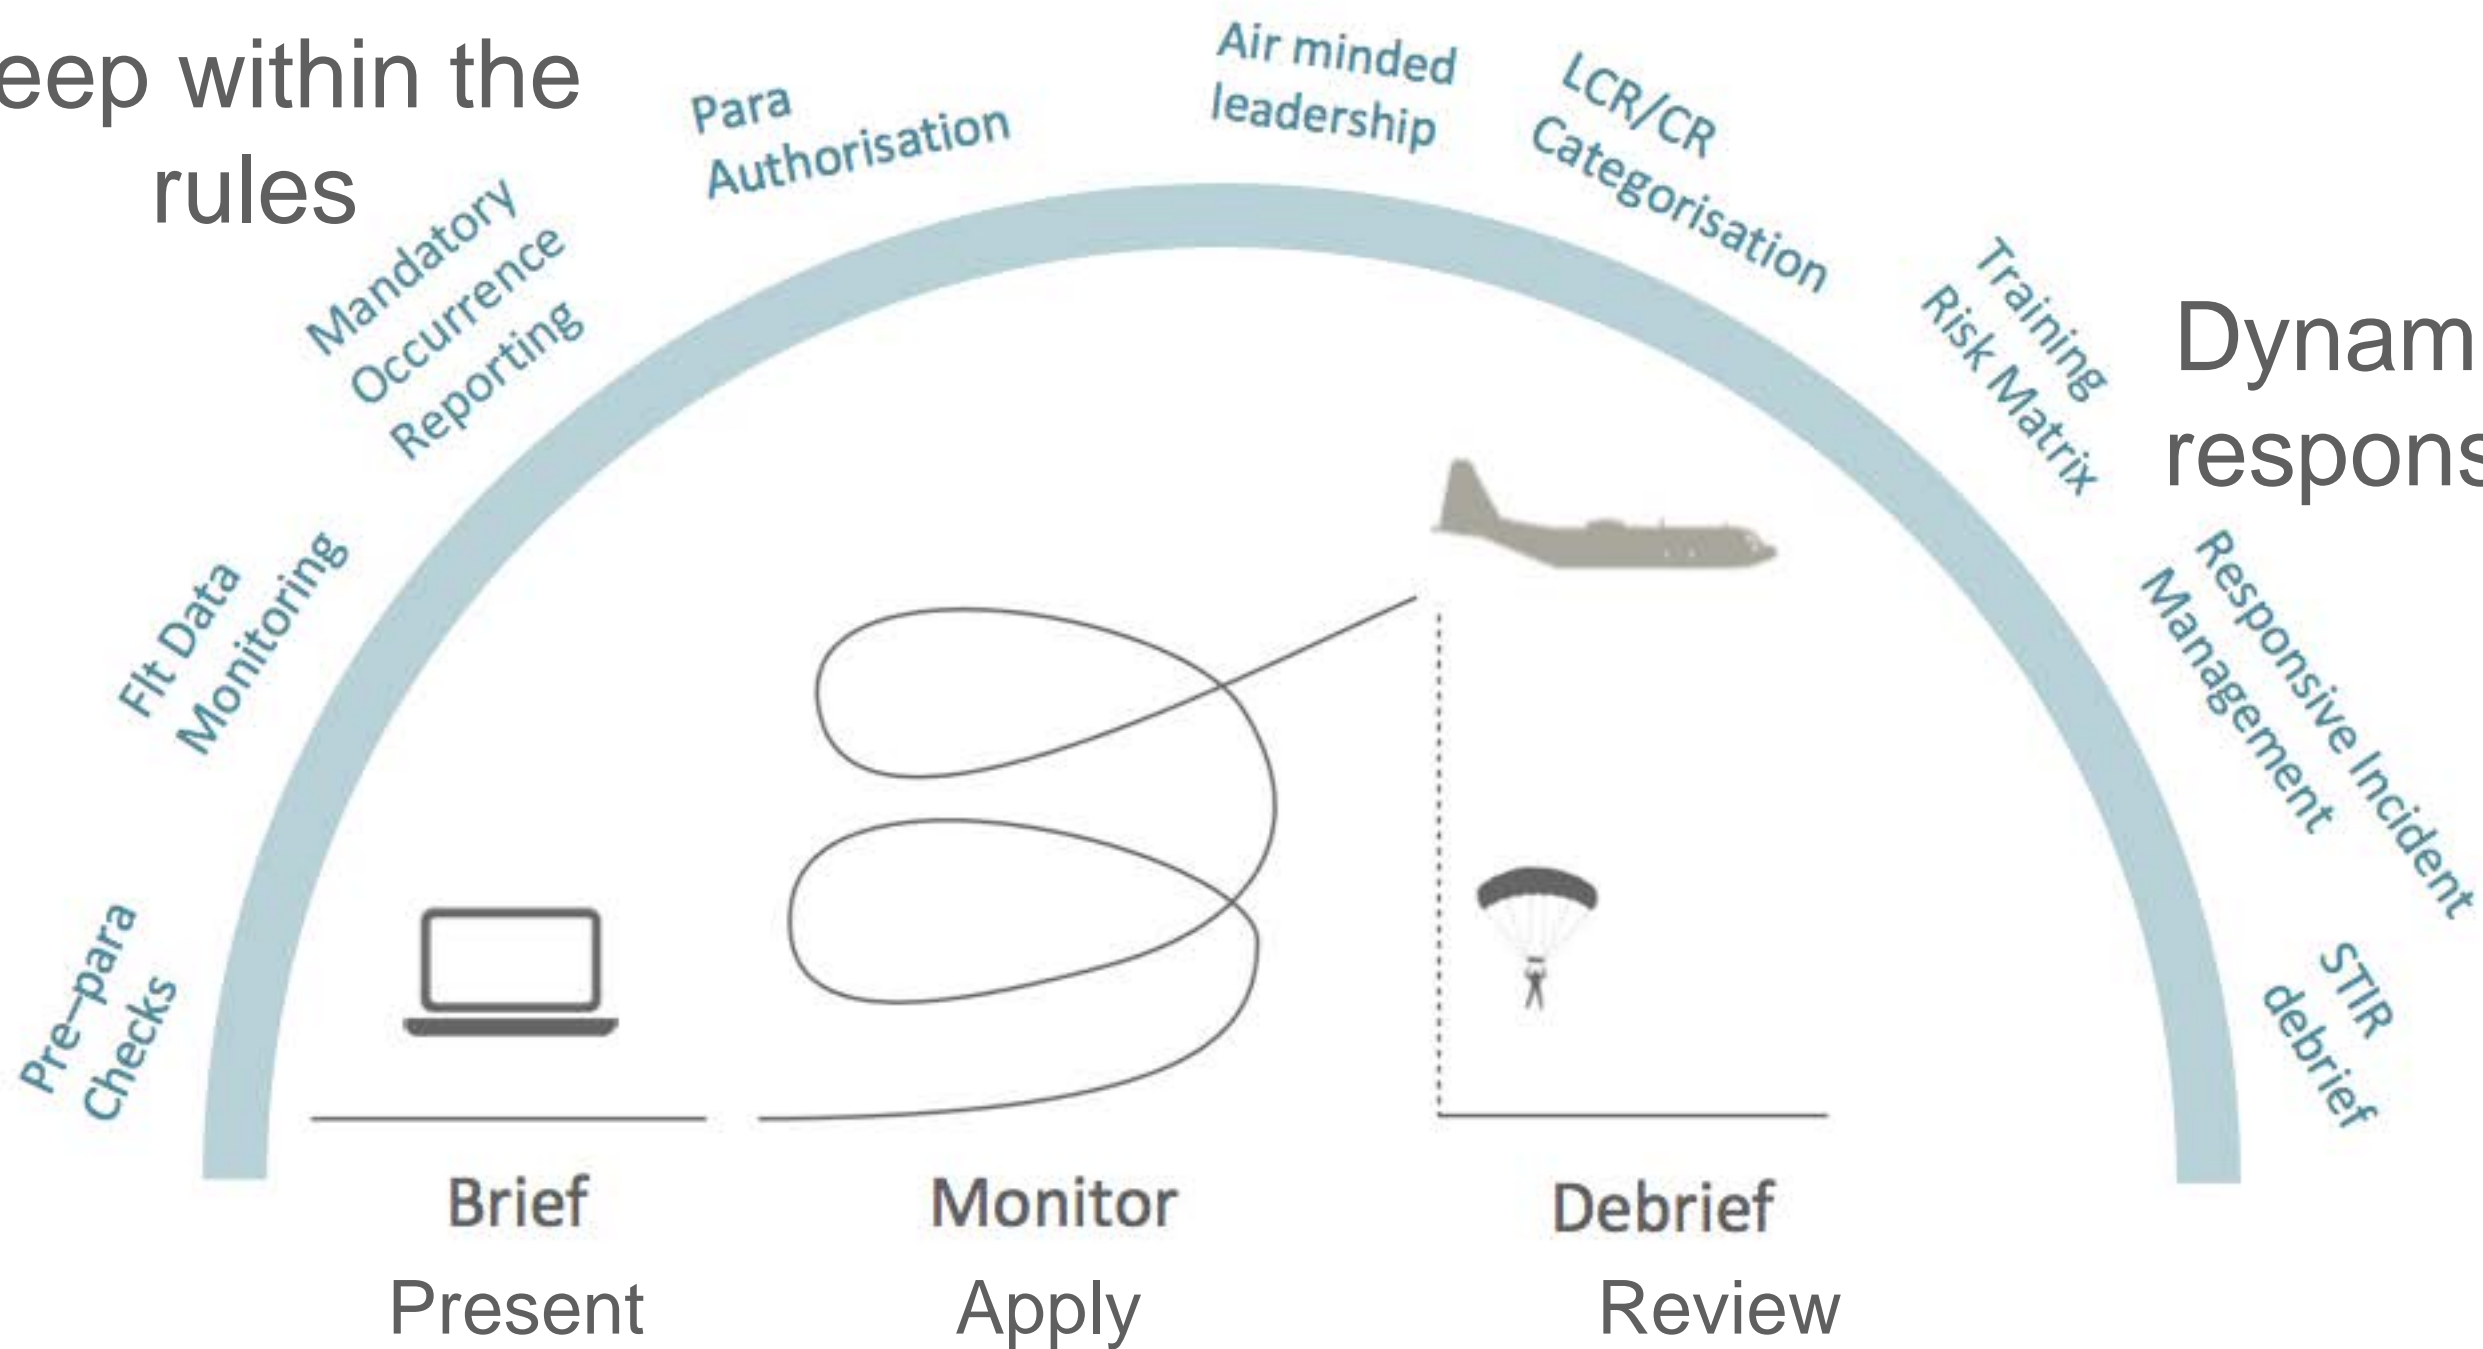

The Hierarchy of Intervention Effectiveness

Keep within the rules

Know operating limitations

Dynamic response
