ESARR 5 and ATSEP Competence

ESARR 5 vs ICAO Annex 1

Applicability – Wider and more specific

Accountabilities and Responsibilities – specified

Users of Psychoactive Substances – Withdrawal mandated

Engineering & Technical Staff performing safety related tasks – Detailed requirements

Generic Safety Requirements – Covering all ATM Service Personnel performing safety related tasks

Establish [harmonised minimum](#) levels of competence & proficiency for staff having specific ATM safety responsibilities

Applicability - General

ATCOs

- Civil Designated Authorities

- Civil Service Providers

- Civil Personnel providing ATS to Military and Civil air traffic

- Military providing ATS to Civil and Military traffic in mixed civil-military environment

ATSEPs

- Civil Designated Authorities

- Civil Operating Organisations

- Civil Individual Personnel ensuring services for ATM equipment approved for operational use

- Military ensuring services for ATM equipment approved for operational use in mixed civil-military environment
