Requests for 2009

European Safety Programme (ESP) Activity Field 1
Implementation & Support to European Safety Legislation/Regulation

With the objective to prepare the 2009 SASI Activities Programme, The SASI Project Team is asking to the SASI Safety Managers to identify their needs in term of generic working sessions, local training and on-site support.

Based on the demand, a planning will be put in place and communicated during the SASI CEO Meeting to be held on December.
