- Hydrography
- Geological fault
- Mountain summit
- Swamp
- City boundary
- Country boundary
- Airspace delegated to GALENA Lutan ACC (XLGG) above FL290

GROUPS

Group 1 - Lutan

TBD

Group 2 - Aksia

TBD

Supporting Material

- Main Brief
- Appendix 1 - Lutan Brief
- Appendix 2 - Aksia Brief
- Appendix 3 - Map
- Appendix 4 - Policy Brief
- Appendix 5 – Operational Concept Brief
- Appendix 6 – Planning Brief
- Guidelines, Reference Guide
- Facilitators: Gerald, Sid,
Chris Johnson

Solutions and De-Briefing

- **De-Briefing**

- No gold-plated solution
- PowerPoint slides or flip charts
- Bullet points
- Outline approach
- Main steps in process
- Difficulties
- Considerations
- Questions

- **Solutions**

- There are **NO** right or wrong answers!
- Model 'pink' solutions provided

Exercise 1 – Policy and Consultation Process

- **Mission**

- Produce a draft Contingency Planning Policy statement for your ANSP.

- **Material**

- Workshop notes/presentations
- Exercise briefing material
- Guidelines and Reference Guide

- 30 minutes
- Brief today at 1545 after coffee.

Exercise 2 – Operational Concept

- **Mission**

- Produce a draft Contingency Planning Operational Concept for your ANSP.

Material

- Workshop notes/presentations
- Briefing notes
- 'Pink' Policy solution
- Guidelines and Reference Guide

45 mins

De-Brief today
at 1015

Exercise 3 – Planning 1/2

- **Mission**

- Produce a draft Planning process framework for your ANSP.

- What is to be done

- “Elaborate” the Contingency planning process and necessary steps
- Identify the operational/technical considerations and planning actions required to populate the Contingency Plan

- Outcome

- List of operational/technical considerations and planning actions
 - **Lutan** – Loss of ACC – Multi Use facilities
 - **Aksia** - Loss of ACC – Multi Use facilities

Exercise 3 – Planning 2/2

- **Material**

- Workshop notes/presentations
- Briefing notes
- Policy and Operational Concept 'pink' solutions
- Guidelines and Reference Guide

45 minutes

De-Brief today at
1400.

Gp 1 reviews Gp 2 and
vice versa
